**2008 SPONSORSHIP OPPORTUNITIES**

**The Copper Club** was formed in 1944 to convene all participants in the copper industry. It is comprised of copper producers, fabricators, refiners, dealers, traders and merchants. The Copper Club seeks to promote the interests of the copper industry. By honoring those who have forged pathways in the industry and paving new paths for students working toward careers in the industry, the Copper Club ensures the past, present and future of copper.

**Sponsorship Opportunities**

The benefits listed below offer an opportunity for your company to receive recognition at the Copper Club's Annual Dinner—an evening of networking with the industry's leading professionals and acknowledgement to those who have displayed individual achievements and contributions to the copper industry, as well as those who are recognized as the future of our industry.

The contributions of generous sponsors will go directly toward the Copper Club's Educational Grants Program. The Educational Grants Program assists exceptional students in preparing for careers in fields related to maintenance and expansion of the copper industry.
